

Model No.		SK-500VA	SK-600VA	SK-800VA	SK-1000VA
Maximum power		300W	400W	500W	700W
Input	Input Voltage Range	AC 145V-275V			
	Input frequency	50Hz/60Hz			
	Phase	Single phase+Grounding			
Output	Output Voltage	AC 230V			
	Overload capacity	110%-120%(30s)			
	Wave form	Pure sine wave			
	Efficiency	0.7			
	Loading	TV, Computer ,Fan, Heating system, Test equipment, Office equipment, Lighting equipment, etc.			
Efficiency	AC/AC	>95%			
Transfer time		<4ms			
Protection	AC input abnormal	High voltage, Low voltage, Surge, Spike ,Short circuit, Fault			
	Output overload	Loading>110%-120% auto shut down and give 30s beeping			
	Battery low voltage	Single battery voltage<10.3VDC±0.3 ,Double battery voltage<20.3VDC±0.3,UPS shut down automatically			
	Short circuit	Loading short circuit, auto shut down and give 30s beeping			
Noise	1 meter distance	<45DB(A)			
Environment	Operating environment	0-40°C			
	Storage temperature	-5-40°C			
	Relative humidity	10%-90% relative humidity, non-condensing
